## JAPS CLAIM U. S. BOMBERS IN TOKYO RAID

### Damage Inflicted in Important Cities of The Island Empire

By ROGER D. GREENE  
Associated Press War Editor

Allied warplanes bombed Tokyo for the first time in history today, blasting the matchbox heart of Japan with incendiaries and high-explosives in a bold daylight assault that stirred bitter outcries from the Japanese people.

The Tokyo radio, in a Chinese-language broadcast, identified the planes which attacked the Japanese capital as American. Observers said the red, white and blue insignia was plainly visible.

"American planes raided Tokyo for the first time, bombing hospitals," the broadcast said.

The radio asserted that the attackers dropped bombs on the Tokyo suburbs where there are no military objectives but residents, houses and schools.

Yokohama, chief port of entry to the Japanese capital 8 miles away, also was attacked.

The destructive hail of fire and explosive bombs and fear of the raiders' deadly cargoes set air-raid alarms ringing across more than 800 miles of the island empire.

"The imperial family is safe," a communique said.

Striking widely over the island empire, the raiders pounded Kobe, a seaport of 650,000 which lies 376 miles below Tokyo, and the manufacturing center of Nagoya (Pop. 430,000), while air-raid warnings shrieked in several other regions of Honshu, the main island of the Japanese archipelago.

A Japanese broadcast acknowledged damage and casualties in the densely-populated Tokyo region and asserted that nine planes had been shot down.

A German radio broadcast said that "according to an unconfirmed report in Tokyo, an American aircraft carrier was sunk off the east coast of Japan today."

### Major Defeat For Finns Is Soviet Claim

Kuibyshev, Russia, April 18.—(P)—A report from Smolensk province today said that in nine months Russian guerrillas had killed 11,000 of the enemy, including 11 generals. Twenty districts of the province were said to have been cleared of Germans in the last three months.

Soviet forces on the northern front have captured a center of resistance whose fall constitutes a major defeat for the Finns, Tass said in a dispatch broadcast by Moscow radio.

In two days of fighting the Finns have lost more than 1,000 officers and men and a very important defense line, the Soviet news agency declared. It reported that Soviet troops had consolidated their positions and were now continuing pursuit of the Finns.

The German high command said the Russians had "lost more than 1,000 prisoners, 8,000 killed, 170 guns, 269 trench mortars and machine guns and 10 planes" in recent operations.

The Red air force was declared to have lost 8,727 planes in the period from March 21 to April 10, of which many were listed as shot down. The others were said to have been knocked out of action while grounded.

"During the same period 88 of our machines were lost on the eastern front," the high command stated.

### EXPLOSIONS HEARD OFF ATLANTIC CITY

Atlantic City, N. J., April 18.—(P)—Residents were awakened at 1:30 a. m. (eastern war time) today by five reverberating explosions off sea.

Other explosions were heard last night. A store proprietor said they were of such intensity that "the sidewalk was shaking under my feet."

## WAR BULLETINS

Vichy, Unoccupied France, April 18.—(P)—German occupation authorities announced today a new attack against Nazi headquarters at Arras, in the occupied zone, took place April 15.

Washington, April 18.—(P)—The war department reported today that Corregidor's guns silenced several additional enemy batteries and blasted roads and bridges on the nearby Philippines Bataan peninsula, disrupting Japanese communications.

Panama, April 18.—(P)—Sped by wartime need, a one-lane all-weather roadway across the isthmus from ocean to ocean was completed today, adding a third all-weather route to the canal and the rail line which previously had been the only links from shore to shore.

Rome (From Italian Broadcasts), April 18.—(P)—An Italian destroyer has sunk a submarine in the central Mediterranean, the Italian high command announced today.

Berlin (From German Broadcasts), April 18.—(P)—Nearly 1,000 German boys and girls will join the Hitler youth movement tomorrow in solemn ceremonies commemorating the 53rd birthday anniversary of Adolf Hitler.

London, April 18.—(P)—The Free French announced today that the submarine Surcouf was considered lost.

## Capital Speculates on Next Move by Laval

### SUB FACTORY IS TARGET OF R. A. F. SMASH

Striving to Hammer Hitler's New Europe Out of Shape, British Fliers Continue Forays

#### NEW WARPLANE USED

London, April 18.—(P)—The RAF, striving to hammer Adolf Hitler's new Europe out of shape, sustained its longest daylight offensive today with fresh waves of fighter planes while London assessed results of bold smashes into Germany and conquered territory within the past 24 hours.

A factory credited with production of half of Germany's submarine engines, the big Diesel works at Augsburg, was "heavily damaged," at dusk yesterday, informed sources said, although the RAF paid a high price for this deep thrust into Nazi land.

Britain's new Lancaster bombers, about which little is known except that they are four motored, carried out the Augsburg smash. The more tried Stirlings, Wellingtons, Manchester and Hampdens set many a new fire in Hamburg during the night, the 88th raid on that important German port.

Today's communique on the Augsburg raid contained the first operational mention of the Lancasters. Last month Air Secretary Sir Archibald Sinclair called them the most formidable bombers in existence and said they were coming into service in increasing numbers. Spitfires and Hurricanes were hurled back across the English Channel today for new fighter sweeps of the battered, occupied French province of Pas de Calais.

### PORTION OF COAST HAS AIR RAID ALERT

San Diego, Calif., April 17.—(P)—The Army Fourth Interceptor Command ordered a 34-minute air raid alert from oceanside to the Mexican border tonight. All-clear came at 12:01 a. m. Pacific war time (3:01 a. m. Eastern War Time).

In San Francisco, the western defense command headquarters said the alert was ordered upon the approach of airplanes, later identified as friendly.

### Pupil Paddling Aired In Court At Norristown

Norristown, April 18.—(P)—This Montgomery county city buzzed excitedly today over charges and counter-charges involving a 15-year-old pupil who accused three teachers of striking him "40 or 50 times" with a leather strap while four others held him.

Both the boy, Michael Valerio, and the principal of the Rittenhouse junior high school, told their stories before Judge Harold G. Knight in juvenile court where Taylor asked that he be "relieved of the responsibility" of having Valerio in school.

Taylor admitted the boy had been beaten, asserting his attitude was "unwholesome, defiant and bad" and that a "committee of teachers had recommended the paddling in a final effort to correct his misconduct."

He said the boy had been held so he would not be injured. "I gave him five strokes and two others gave him five strokes each," he said.

The courtroom was crowded with parents and teachers during the hearing.

Judge Knight told the boy "you are a disgrace" (Turn to Page Seven)

### ARMISTICE CALLED IN STRIKE OF STUDENTS

Pittsburgh, April 18.—(P)—Responding to an appeal by their ousted supervising principal, Brentwood school students voted last night for a temporary halt in their strike called in protest against his dismissal.

Principal Orlando H. English, who is recovering from an appendectomy in an Elmira, N. Y., hospital, telegraphed an appeal to the students, through High School Principal S. C. McDonald, to return to class and "let your parents settle the problem with the board."

### Would Put To Work Useless Endowments

Miami Beach, Fla., April 18.—Lazar Karpess, New York accountant, says there are about \$3,000,000 lying around which Uncle Sam could pick up quickly and easily.

He suggested that the government take over, for war purposes, all funds and endowments of the past for which there no longer is any use.

An example cited by him: The Bryan Mullaphy fund set up in St. Louis in 1851 for worthy travelers passing through on their way to take up new lands in the west, a fund now amounting to about \$1,000,000.

### Court Drama Is Recalled By Death In N. Y.

Mrs. Harry Payne Whitney, Widow of Financier, Heart Victim

#### HAD \$100,000,000 ESTATE

New York, April 18.—(P)—Mrs. Harry Payne Whitney, widow of the financier, died at 2:50 a. m. today in New York Hospital from heart complications.

Mrs. Whitney, the former Gertrude Vanderbilt, was stricken 10 days ago.

Her husband died in 1930, leaving an estimated \$100,000,000 estate to her, their son and two daughters. The son, Cornelius, a major in the U. S. air corps, is reported en route to an undisclosed military post.

In 1934 Mrs. Whitney's name became known to millions through a bitter court fight for custody of her 10-year-old niece, Gloria Vanderbilt, whose father, Reginald, was Mrs. Whitney's brother.

Mrs. Whitney charged that her sister-in-law, Mrs. Gloria Morgan Vanderbilt, was not a suitable parent for her niece, who is now the wife of Pat Di Cicco, Hollywood actor's agent.

Testimony at the protracted custody hearings filled 24,000 pages of court records. It became so sordid the hearings were closed to the public.

Finally Gloria was declared a ward of the court and she was entrusted to Mrs. Whitney's care for five days a week and to her mother for two days a week.

### DECORATED MARINE KILLED IN ACTION

Pittsburgh, April 18.—(P)—Marine Private Charles Raymond Greer, 22, former resident of Plum township and one of the first marines to receive an army decoration for gallantry in action in World War II, has been killed in action in the Philippines, his relatives learned yesterday.

Private Greer, whose parents moved from Plum township to Modesto, Calif., six years ago, was decorated with a silver star by General MacArthur.

The citation stated that Greer and another private, "disregarding falling bombs and hostile aerial machine gunning, and concerned primarily with the completion of their military mission," drove the truck to its destination and obtained medical attention for the injured.

### Labor Issues To Be Debated

Washington, April 18.—(P)—Administration leaders have decided to fight out the whole question of war labor policies on the floor of the senate next week, possibly aided with a public expression by President Roosevelt opposing enactment of restrictive measures, an authoritative source said today.

In line with this decision, members said the senate labor committee was likely to approve Monday a bill by Senator Ball (R-Minn.) providing relatively mild restrictions on wages and union activity.

The bill would establish a labor disputes commission which could approve increases in wages equivalent only to advances in the cost of living or where the increase did not carry the wage above the prevailing scale for that type of work elsewhere. The same conditions would apply to increases in salaries above \$5,000 yearly.

### UPSURGE IN RUSSIAN AID IS REVEALED

Monthly Report Shows That Help to United Nations Passed \$3,000,000,000 Mark in March

#### NELSON IS OPTIMISTIC

Washington, April 18.—(P)—The White House today reported a sharp upsurge of lease-lend aid to Russia, saying that two and a half times as much was sent in March as was sent in February.

Exact figures on Russian aid, which President Roosevelt ordered speeded up several weeks ago, were not disclosed, but Presidential Secretary Stephen Early said the report showed "very favorable progress."

Early told reporters he did not know whether the March report meant that shipments to Russia were now on schedule. At the time the president ordered the speed-up shipments were reported running behind.

The monthly report showed that lease-lend aid to all United Nations passed the \$3,000,000,000 mark by the end of March, an increase of \$1,000,000,000 in two months. Total aid to the United Nations during March amounted to nearly \$600,000,000.

New York, April 18.—(P)—The United States has "passed the turning point" in war production and the output of the United Nations today exceeds that of the Axis powers—says Donald M. Nelson, chairman of the War Production Board.

"We can see daylight ahead in our whole war production effort," he told the American Society of Newspaper Editors last night.

Nelson coupled his optimism with caution, however, pointing out that today's production figures do not mean "that we are going to win the war next month or that we can start out tomorrow to take the offensive."

#### TWO MINERS KILLED

Brownsville, April 18.—(P)—Two miners were killed and two others injured last night in a slate fall at the Pittsburgh Steel Company's Tower Hill No. 2 mine, four miles east of Brownsville.

### Educational System To Be Streamlined

Harrisburg, April 18.—(P)—School Superintendent Dr. Francis B. Haas took steps today to streamline Pennsylvania's educational program to advance the war effort.

He summoned school officials and representatives of educational institutions and organizations for a conference May 11-12, to work out specific programs for the various institutional fields.

"The purpose of the conference," declared the superintendent, "is to implement the wartime effort through the instructional program of the elementary and secondary schools and the co-ordination of this program with higher education."

He invited participation of the U. S. Office of Education and the Civil Aeronautics Administration in a section of the conference dealing with the theme "Aviation and the Instructional Program."

Already more than 160,000 men have been trained in defense work Educational Department. The aeronautics school here in which 1,500 through classes set up by the State (Turn to Page Seven)

### BILL TO AID CIVILIAN DEFENSE PLANS SIGNED

Harrisburg, April 18.—(P)—Local governments may appropriate money for civilian defense purposes under a bill signed by Governor James E. Shiffler in his first anniversary of Pennsylvania's preparedness program.

The measure, which also validates past expenditures for such purposes, was enacted by the recent special legislature. It was one of four bills signed yesterday by the governor.

Others receiving approval permit loading of explosives on vessels in the Delaware river, shorten to four 32-week terms the time to obtain osteopathic degrees and allow the game commission to lease lands to the federal government for aviation purposes.

### America Becoming Deciding Factor In War, London Says

Allies Estimated Throwing 3,000 First-Line Planes At Axis Every Day

#### INITIATIVE IS CHANGING

By the Associated Press  
American bombers lashed at the Axis on far-flung battlefronts today, and military observers estimated that the Allies were throwing nearly 3,000 first line warplanes against the enemy every 24 hours.

Informed sources declared the vast new aerial offensive was beginning to wrest the initiative in sector after sector on all war fronts.

With American assembly lines rolling off an endless stream of fighters and bombers, these were today's proofs of their punching power:

1. Planes identified as American bombed Tokyo and other Japanese cities for the first time in history.

2. U. S. army bombers operating from bases in India pounded Japanese-occupied Rangoon, Burma, a key springboard for enemy naval operations in the Bay of Bengal and for the land drive in Burma.

3. American - built Boston (Douglas) planes joined in the RAF's non-stop offensive against the German-occupied French "invasion coast."

4. Allied warplanes presumably including United States aircraft, again blasted Japanese-held Koe-pang, in Dutch Timor, where the Japanese have been massing for attacks on Australia.

"America is becoming a deciding factor in the war," a London military expert said, pointing to the widespread raids.

### No. One Bank Robber Taken

Newark, N. J., April 18.—(P)—Ralph Greco, 35, of Hoboken, described by the Federal Bureau of Investigation as the "Number 1 bank robbery fugitive in the United States," was in a jail cell today, despite oft-repeated boasts that he never would be taken alive.

E. E. Conroy, special agent in charge of the Newark FBI field office, said the prisoner would be arraigned on charges stemming from the \$76,000 robbery of messengers of the First Stroudsburg (Pa.) National Bank last August 5, and an \$11,000 robbery at the First National Bank of Suffolk, Conn., July 21, 1938.

Held with Greco was William Vasilic, 41, of Passaic, who is wanted as one of the four men in the Stroudsburg holdup and also for participation in a \$4,050 robbery of two messengers of the Pompton Lakes (N. J.) National Bank October 17, 1940.

Greco and Vasilic were unarmed and surrendered meekly to agents.

### MAY DIRECT CAMPAIGN TO WREST SYRIA

Vichy Link in American Bomber Ferry Line to the Middle East May Be Vichy Objective

#### DARLAN IN COMMAND

BULLETIN  
Bern, Switzerland, April 18.—(P)—Pierre Laval took the members of his new cabinet to Chief of State Marshal Petain this afternoon for official presentation after three days of difficult negotiations on personnel.

#### BY WADE WERNER

Washington, April 18.—(P)—Informed sources expressed fears today that Vichy Premier Pierre Laval might launch a military campaign to wrest Syria or French equatorial Africa—a vital link in the American bomber ferry line to the Middle East—from the Free French.

The collaborationist premier was thought to be considering some such gamble with French armies and warships to get the jump on opponents within France, who already were reported planning to unseat him. Reliable informants said Laval was now prepared to go the limit in forcing the French people to collaborate with the Nazis.

An authoritative source said that Hitler exerted tremendous pressure to put Laval into the premiership, even threatening Marshal Petain with complete occupation of France.

Laval has come back; but he still has to demonstrate he can stay there.

The United States has officially catalogued the Laval government as a puppet of Germany, and as Ambassador William D. Leahy prepared to return home at the president's orders for consultations, the Vichy situation was described as highly explosive.

#### BY TAYLOR HENRY

Vichy, Unoccupied France, April 18.—(P)—Admiral Jean Darlan, anti-British but none too sympathetic with the Axis, officially assumed command of all French land, sea and air forces today while France's new premier-designate, pro-German Pierre Laval, maneuvered to complete his collaborationist cabinet.

Informed sources indicated anew that Laval was having difficulty in filling several posts and cited a Vichy radio report that announcement of the government's ministerial list would be delayed again until later today.

Darlan, meanwhile, took over his new job to which Chief of State Marshal Petain nominated him yesterday by publication of a decree in the official journal naming him to be national commander-in-chief of the three armed services.

Admiral William D. Leahy, U. S. Ambassador to the defeated nation, began making arrangements to leave his post in answer to Washington's call for return for "consultation" because of this development. However, he will not leave for several weeks because of Mrs. Leahy's illness.

A newcomer in the government was reported to be Dr. Alexis Carrel, collaborator with Charles A. Lindbergh on the mechanical heart. He was mentioned as the new health minister.

### Next Session Will See Many New Members

Harrisburg, April 18.—(P)—Three senators and 21 representatives—including the two floor leaders—quit their seats for good when the recent special session of the legislature ended, but four of the house members hope to move across the capitol to the senate next year.

The three senators who are not candidates for re-election are Robert M. Miller (R-Luzerne), Edward R. Frey (D-Allegheny) and G. Albert Reed (D-Washington). Miller was elected county controller of Luzerne, Frey is Allegheny county controller, and Reed expressed the desire to retire from politics for a time to practice law.

Rep. Eimer J. Rouland (D-Allegheny) is aspiring to Frey's seat and Rep. Don Wilkinson (R-Luzerne) is a candidate for Miller's.

Two Democratic representatives are out to unseat Republican senators. They are William L. Shaffer of Allegheny, opposing Senator John H. Walker, and Carleton T. Woodring of Northampton, trying for the seat held by Senator (Turn to Page Seven)

### "Pledge For Victory" Drive Progressing Satisfactorily

Continuous reports from air raid wardens who have been calling on their neighbors the past two evenings in the "Pledge for Victory" lend encouragement to the success of this effort in Warren county.

One point to bear in mind is the fact that signing a "Pledge for Victory" is not a duplication of the authorization for Pay-Roll Allotments in an industry or business. The Pledge merely records such information in the space provided so that the pledgor may join in informing the government as to the total amount of money Uncle Sam can expect to receive from any locality during the duration of the war. As stated in the Pledge this is subject, of course, to the future earning ability and other

circumstances of the individual and it is a moral pledge, not a binding contract.

Everyone who wishes to have a window emblem in his home should sign a "Pledge for Victory" even though he is already buying bonds on the Pay-Roll Allotment plan or in any other way.

While it is expected that within a few days air raid wardens and other workers will call at every home, those persons who may have been missed are asked to get in touch with their nearest air raid warden as soon as possible so that the entire job can be completed and the reports turned in through each senior post warden to the War Savings Committee headquarters.

### MARTIN AT SOMERSET

Somerset, April 18.—(P.)—Secretary of Internal Affairs William S. Livingston, Jr., last night urged support of Major General Edward Martin, candidate for the Republican gubernatorial nomination, because of his military experience.

"If the Axis should invade Pennsylvania or bomb its principal cities, we need someone with military experience to handle the situation," Livingston, who is seeking reelection, told a rally.

"Also, we need a governor who can build up morale and inspire the people, and only a man with military training and service can do this."

Martin urged "unity of purpose to win the war," and asked "the people of Pennsylvania to produce the supplies necessary to victory in order that the war be ended as quickly as possible."

## Letters to the Editor

April 17, 1942.

Editor,  
Warren Times-Mirror,  
Warren, Pennsylvania.  
Dear Ed:

Now that the rush of work this week in preparation for the "Pledge for Victory" has subsided so that I can sit back for a minute I want to pause long enough to thank you for your fine cooperation.

Knowing something about how a newspaper is produced, I know what it means to everyone connected with it when they receive daily, and often near the deadline for that day's paper, the news stories and advertisements hastily put together by others working in a common cause.

The reports received from our "Minute Men" in the "Pledge for Victory" all indicate that Mr. and Mrs. John Q. Public and family have been reading the newspapers and are already well informed about their Uncle Sam's request for loans out of their income. We can all be happy in this result.

Therefore, I want to thank most sincerely everyone connected with the Warren Times-Mirror from the publisher through the editorial rooms, the business office, the advertising department, the linotype operators, the pressmen, the circulation staff, the newsboys, and everyone whose work, loyalty, and patience have made possible our timely and effective newspaper publicity.

Yours sincerely,

R. W. MACKAY,  
Chairman War Savings Committee

Y. He will take over his new business on Monday. Mr. Campbell has made many friends here who wish him success in his new venture. His family will remain in Warren until the end of the present school term.

### STATE U. S. O. QUOTA

Pennsylvania quota in the May 11-July 4 drive to raise \$32,000,000 war funds for work of the United Service Organizations will be \$3,700,000. The state campaign committee headed by Arthur E. Braun, Pittsburgh, agreed on the figure at a meeting yesterday with Prescott S. Bush, chairman of the national drive. Bush expressed confidence the goal set for the country would be reached, declaring "morale today is one thing that cannot be stressed too highly and in building this morale the USO can be, is and will be the determining factor."

## Heart Attack Is Fatal To Contest Man

Stricken by an attack of heart trouble while on a visit to DuBois, Patrick V. Doyle, well-known Maryland newspaperman, died Wednesday evening in his room in a DuBois hotel, according to word received here.

Mr. Doyle will be remembered as the manager of the "Favorite Baby Election" which he conducted last fall for the Times-Mirror. After leaving here, he spent the winter in Florida until recently when he returned north. He visited in Warren about four weeks ago, meeting old friends. He had been renewing acquaintances in DuBois for several days.

A devotee of aviation, Mr. Doyle spent as much time as possible in the air while here, becoming a familiar figure around the Warren Airport.

On Wednesday he flew during the afternoon and returned to his hotel about 5 p. m. He was taken ill enroute and hurried to his room, where a physician was summoned and found he was suffering from heart trouble. He was given some medicine and shortly after 10 p. m. when the physician returned, he found Mr. Doyle had died. Attaches of the hotel had visited him shortly after 6 p. m. and it was believed that he had died between 6:30 and 7:00 o'clock.

The coroner and relatives were notified of the tragedy at midnight.

Mr. Doyle was 48 years old and the son of Patrick V. and Mary Farrell Doyle. He was born in Maryland and studied journalism at Washington, D. C. He conducted a newspaper at Keyser, W. Va. later going to Altoona, where he was employed as a reporter. For the past dozen years he had been engaged in circulation promotion.

He is survived by his wife and a daughter, Patricia; one brother, John Doyle, of Aliquippa, and two sisters, Mrs. Mike Moran and Mrs. Billie Ledlow, of Washington, D. C. He was a veteran of the World War and a member of the American Legion and Veterans of Foreign Wars.

American-Filipino troops were reported fighting off an attack on Iloilo on Panay island.

THIS patriotic New York creation is called the Victory Dress because it both conforms to Uncle Sam's new taboo order on "freezing" current silhouettes, and uses no slide fasteners, hooks or buttons. It's navy rayon sheer with tie-across top and wrap-around skirt. The tie, like the border in front, is heaven blue rayon.

### HELP SUPPORT SCOUTING

One of the finest things that can happen to any lad is  
to become a Boy Scout. So, it is pleasing to learn that  
the Warren County Council has launched plans to raise  
funds for the continuance and expansion of the Scout  
and Cub programs in the area outside of Warren bor-  
ough.

The first and most direct benefit from Scouting comes  
to the boy who takes part in the work. There are other  
benefits, too, in which the community shares, as was  
evidenced by the large delegation of Boy Scouts in the  
parade Wednesday evening and the part they have been  
and are taking in the Salvage for Victory campaign today.

Scouts are always ready to perform any service  
within their power. They refuse no offer for assistance.  
They are among any town's most valuable assets. And,  
that is doubly true today when the war effort has in-  
creased the number and tempo of community affairs to  
such a great extent.

Scouting is appreciated everywhere, but no place is  
it held more important than in small communities. That  
is the best assurance that the campaign scheduled to  
start April 28 will go over big.

### TODAY'S SILVER LINING

Looking for silver linings, as most of us are now-  
adays, there is one in the bad news about gasoline.

If we had tires to burn with casual running around,  
the new cut in deliveries to dealers would hurt. But  
actually it shouldn't make much difference. Two-thirds  
of a normal supply of gas ought to be more than we  
should use, so long as the preservation of tires remains  
a duty of patriotism. So let's find something else to  
worry about.

Hundreds in the borough and county who enjoyed  
his acquaintance during the recent "Favorite Baby  
Contest" sponsored by the Times-Mirror will regret to  
learn of the sudden and unexpected passing of Patrick  
V. Doyle, in a DuBois hotel room Wednesday evening.  
During the time that he was managing the campaign  
for this paper "Pat", as he was affectionately known  
to his close associates, endeared himself to all through  
his genial personality and honest and straightforward  
manner in which he conducted the contest.

Marchers who had an opportunity to cover the  
entire route in the parade before darkness set in Wed-  
nesday evening were impressed by the fact that on  
many homes the flag was improperly displayed. On  
one street alone three instances were observed where  
the Stars and Stripes were hung improperly. And that  
reminds, in some nearby towns, business houses are  
displaying Old Glory daily through the duration, which  
would not be a bad idea to follow in Warren.

Now that the Pledge for Victory drive is on and the  
Salvage for Victory campaign has been launched, to  
what appears to be a successful conclusion, how's that  
Victory Garden coming along?

Sign one of those Pledges for Victory, even if you  
have to call at a bank for it!

### WEEKLY SERMONETTE

RELIGION AS A STABILIZING POWER

Rabbi Hans Kronheim, With Charges in Warren and Jamestown

This war does not only affect our external existence but also our  
internal life. Our soul is being shaken to its very depth. What we  
need, is a stabilizing power. There is a danger today that especially  
our young people are losing their moral balance. War is at least a  
disturbance of normal development. "For many it means interruption  
of their vocational preparation or of their career. And they are de-  
prived of the wholesome influence of their parents. May be they are  
deprived of their fathers will follow them and the children at home will be with-  
out their guidance. The problem is, how can we make our children  
strong so that they are able to face any emergency. The prophet  
Isaiah says: "If ye will not believe, surely ye shall not be establish-  
ed". There is only one way of stabilizing the growing generation: We  
must intensify our work of religious education.

Religion has to be on the alert. War, whatever may be its out-  
come, prepares the human soul for hatred. We have seen how quickly  
France, with its glorious tradition of "Liberty, Equality and Fraterni-  
ty", accepted the doctrine of racial prejudice. The enemies of this  
country try to stir up group against group, to awaken resistance.  
And whatever can be done to frustrate this pernicious endeavor, is a  
splendid service rendered to this country. In a time like ours, a religion  
must manifest itself stabilizing influence and build a bridge be-  
tween man and man, between soul and soul, and secure the American  
future.

T-H-O-U-G-H-T-S

Ye shall diligently keep the commandments of the Lord your God,  
and his testimonies, and his statutes, which he hath commanded thee.—  
Deuteronomy 6:17.

Through obedience learn to command.—Plato.

## The Leopard Changes His Face

### WASHINGTON IN WARTIME

By JACK STINNETT  
WASHINGTON — Restrictions  
on consumer goods are com-  
ing so fast these days almost  
anything can happen here with-  
out greatly surprising most of us.  
But let's suppose a citizen of  
the Coolidge era had awakened  
on a recent spring morning after  
doing a Rip Van Winkle for 15  
years and had glimpsed one sec-  
tion of the front page of a news-  
paper before anyone could tell  
him what was going on in the  
U.S.A.

Side by side are three news ar-  
ticles which cause him to wonder  
whether he is having a nightmare  
or whether the good old land of  
profligate abundance he knew  
has gone completely wacky.

A HEADLINE with the familiar  
word "bootlegging" catches  
his eye. But to him the headline  
as a whole is utterly fantastic.  
"Wives Warned on Bootlegging  
Pants Cuffs for Husbands." He  
reads on: "The wife who sews  
cuffs onto her husband's trousers  
legs may face federal prosecu-  
tion." W.P.B. warned yesterday.  
Just beneath that story is an-  
other strange headline: "U. S.  
Freezes Bicycle Stocks; Rationing  
Ordered." He reads the body of

the story: "Faced with a terrific  
run on bicycles, the W.P.B. halts  
the sale, shipment, delivery, &  
transfer of all new adult model  
effective at 11:59 o'clock last  
night."

To the man who has been doing  
a Rip Van Winkle since 1927,  
just doesn't make sense. As he  
remembers, a bicycle so far &  
adults were concerned, was a fa-  
vorite relic of an early transpor-  
tation period. Why, then, a stan-  
dard by groupings for this anti-  
quated vehicle?

NEXT he sees this headline:  
"U. S. in Cheese Business Seizes  
Syracuse Plant." Can it be  
that the land of Lincoln, of Har-  
ding and of Coolidge has gone  
Bolshevistic with an American  
Lenin, nicknamed W.P.B. issu-  
ing ukases to the Yankee proletariat?  
He turns to an inside page and  
reads: "Army Streamlines Star  
Spangled Banner So Males Can  
Hit Land of the Free!"

And then his eye lights on this  
one: "Army Brass Hats Wrest  
Over Undies for Women's Corps."  
The Citizen of the Coolidge Er-  
a can't take any more. The paper  
drops from his hands. He eased  
down into his bed and whispers:  
"I'm doing another Rip Van Win-  
kle and it's for the duration."

### MAN ABOUT MANHATTAN

By GEORGE TUCKER

NEW YORK — Horatio Alger  
would have admired Mike  
Calabrese. . . Mike is a hack  
driver in New York. . . Recently  
short-changed a customer  
\$4.50, though unintentionally. The  
man had given him a \$5 note in-  
stead of a \$1.

So Mike went to the police and  
turned the money in. "It ain't  
mine," Mike said. "It ain't mine."

The papers carried mention of  
this manifestation of honesty on  
the part of our cabbies. One news-  
paper even editorialized the inci-  
dent. This was how Major  
Bowles became aware of Mike  
Calabrese and his aversion to coin  
not legitimately earned. . .

So the major penned a little  
note to Mike, inviting him to  
come as a guest, and bring his  
family, to see the Bowles' show.  
And in the letter he enclosed  
\$50.

Note: It isn't likely that \$50  
bills will reward similar incidents  
if the town breaks out in a sudden  
rush of turned in "lost" purses.  
Mike got there first. . . From  
now on, virtue, as somebody has  
said, will have to be its own re-  
ward.

BROADWAY springsong:

It was one of the first warm  
days of spring and a little earth  
worm showed an oak leaf out of  
the ground and thrust its head into  
the warm April sunlight. . . He  
blinked a little, and looked  
around. . . "Flowers," he said,  
"and all the trees have new green

twigs. . . Ah, this is wonder-  
ful. . .

Just then he spied another little  
earth worm who had apparently  
just thrust its head into the warm  
sunlight. . . "Isn't this wonder-  
ful," he cried to the newcomer.  
"The warm sunlight and the  
roses and the dandelions. . ."

"Yes," agreed the other little  
earth worm.

"Spring is doing something to  
me," went on the first worm.  
"I feel romantic. . . Let's get  
married."

Whereupon the other worm  
cried, "You dope! I'm the rest of  
you!"

I HAVE heard many people sing  
Blues in the Night. . . But not  
the way Carol Bruce sings it. . .  
Johnny Mercer, who wrote it,  
ought to buy her a box of candy.  
When Carol gets through with  
it, Frankie & Johnnie, and Val-  
iant Is the Word for Carrie are  
pale carbon copies. . . I saw her  
at the Copacabana, leaning into a  
frosty spotlight, with a gardenia  
in her hair, singing. . . "From  
Memphis to Mo-bile. . . Ever  
since then the song has haunted  
me."

George Ross, World-Telly  
Broadway observer, comes up  
with a tag-line to Ben Hecht's re-  
cent broadside at the drama crit-  
ics, who parried his show. The  
Hobo News, it seems, wrote Hecht  
requesting an interview. . .  
"When I'm in New York," wrote  
Hecht, "I'll be glad to do so. . .  
I am all for hoboes, except those  
masquerading as drama critics."

### YEARS AGO IN WARREN

Interesting Items Taken From  
the Warren Evening Times

In 1922

Workers in the Young Woman's  
Christian Association campaign  
will open their drive with a dinner  
this evening. This year's goal is  
\$5,000.

It is probable that the rest room  
which will be a memorial for Com-  
pany I will be completed by Mem-  
orial Day. The placing of the  
columns and concrete room remain  
to be done.

A. D. Williams returned to Tidi-  
oute last evening, where he is en-  
gaged in the newspaper business,  
being proprietor of the Tidioute  
Press.

A. A. Printz went to Youngs-  
town, O., this morning on business.

In 1932

Those in charge of assigning  
garden plots to the unemployed of  
the borough announced this morn-  
ing that arrangements have been  
made for an expert from Harris-  
burg to be at the court house Fri-  
day morning to discuss best meth-  
ods of cultivating back-yard gar-  
dens.

received the paper ballots for the  
primary election of Tuesday, April  
26th, and they will be distributed  
some time this week.

Arrangements have been com-  
pleted with the local armory board  
to stage an amateur boxing show  
in Warren on or about April 29th.  
The show will be staged by the  
O. C. A. C. Local boys to be

### REASON FOR CHANGE

The famous composer, Giacomo  
Meyerbeer, was born Jakob Lieb-  
mann Beer, but changed his name  
to Meyerbeer in deference to the  
terms of the will of a wealthy re-  
lative named Meyer.

A maze of communication net-  
works on the ground and in the  
air keeps the Air Corps in con-  
stant touch not only with every  
base but actually every plane in  
the air. Radio, telephone, tele-  
type, and telephone—every form  
of communication is used by the  
Air Corps.

## Supplies To Be Delivered For Campaign

Unit supplies for all concerns  
which are being invited to conduct  
their own campaigns for the 1942  
Community Chest are being packed  
this weekend in order that they will  
be ready for delivery early during  
the coming week. At the same  
time it was announced that a large  
group of Girl Scouts have volun-  
teered to pack the red feathers  
which will be included with all  
campaign supplies.

"The red feather will again be  
the badge of a good citizen," Mr.  
Kopf, chairman of this year's cam-  
paign, recently stated. "We find  
that this is a silent, but definite,  
salesman in our campaigns, and  
we have therefore decided to give  
these feathers to all subscribers."

O. A. Pressel, chairman of the  
campaign speakers' bureau, reported  
today that he is in the midst of  
completing his organization and of  
making arrangements for a Com-  
munity Chest Sunday to be held  
April 26.

"It has been a custom in the past  
for the Community Chest cam-  
paign to be given appropriate rec-  
ognition from the pulpits of our  
churches, and we are planning on  
Sunday, April 26, to be set aside as  
Community Chest Sunday in all  
our churches," Mr. Pressel an-  
nounced.

Leonard Swanson, chairman of  
two campaign divisions—the chain  
stores and national firms—has re-  
ported his associate chairmen who  
will serve with him. These are F.  
A. Wood and L. C. Stickle, who  
will work with Mr. Swanson in the  
chain stores division, and Russell  
Kimberland and A. Xander for the  
national firms division. In making  
these appointments, Mr. Swanson  
stated that the chain store division  
is making encouraging progress in  
the acceptance of unit objectives  
on the part of Warren local chief  
executives. "The early indications  
point to a responsive reception on  
the part of our chain store local  
managers," Mr. Swanson said, "and  
they are accepting company goals  
in line with the general increase we  
must seek all along the way. This  
is a good sign, I think, and our two  
committees are making every ef-  
fort to see all our prospects in  
order that our campaign can be  
fully explained to them before com-  
pany supplies are distributed next  
week."

## Ballot Here Differs From Some Others

Ballots for the May 19 primary  
in Warren county will not be the  
same as those in some other coun-  
ties in the state, but it's all right  
with the state elections bureau.

In certifying the list to local  
authorities yesterday, the elections  
bureau said the order in which  
candidates appear on the ballot is  
strictly up to county officials.

The certified form from the  
state lists supreme court, superior  
court, governor, lieutenant gov-  
ernor, secretary of internal affairs  
and congress-at-large in that or-  
der.

In Warren county however, the  
ballot will have governor at the  
top, followed by lieutenant gov-  
ernor, supreme court, superior court,  
secretary of internal affairs and  
congress-at-large. Also listed will  
be congress for the 20th district,  
state senator, state assembly, state  
committee and county committee.

"Some counties no doubt will  
follow our form," declared an elec-  
tions bureau spokesman. "But in  
others the candidates for governor  
likely will be listed first. The  
election code sets up a specimen  
form just as an illustration and  
not as a mandatory requirement."
